Golf in Slovakia

In 1909, the first 9-hole golf course was opened in Slovakia, in Tatranská Lomnica. The next one followed in 1914 in Piešťany. But both did not survive the second world war. After the war, in 1995, finally the first 9-hole golf course was opened in Bernolákovo. After 1989, more golf courses were built also in Slovakia, mainly around the capital Bratislava. Nowadays, there are more than twenty of them.

My recommendation:

If you wish to play three golf courses in Slovakia: Penati Heritage, Legend and Black Stork.

Only one golf course: Penati Heritage.
